Training Course

Who are we?

PGPC is a weekly bible training course for men and women who are interested in getting into God's word and being inspired by the Holy Spirit's voice as He speaks today. The course runs over two years on Wednesday mornings, generously hosted by Scorrier Christian Fellowship. We enjoy discussion, taught sessions and fellowship in a mutually supportive and encouraging atmosphere. Teaching is delivered by a range of Christian teachers from across Cornwall's different churches and denominations.

Are you keen to get to know God better? Understand your bible better? Know how to handle God's word better? Teach the truth with more confidence? Are there parts of the bible you're scared to touch but would like to?!

PGPC might be for you!

What We Do

We seek under God to encourage and equip brothers and sisters in Christ to grow in their faith and godly character as their gifts of teaching and encouragement are grown by the Lord.

We study Bible books and the broad sweep of God's plans in a way that is practical and applied. At all times we have in mind the congregations we hope to serve as churches and seek to be a blessing to the people of Cornwall

Our Course

In Year 1 we cover a bible overview that looks at the sweep of God's big story of redemption. Then, in Year 2, we study in depth issues of theology and church practice. In both years we work together on how to open up and teach the bible that we might be a blessing to those around us as preachers, teachers, bible study leaders, youth and children's leaders, one-to-one bible readers and evangelists. No one is made to stand up and speak but we offer the opportunity to explore teaching gifts in a range of contexts.

Can I join in?

Of course! All are welcome. We represent a range of churches, backgrounds and theological perspectives and enjoy unity in a diverse and warm environment. No question is off limits and personal study and reflection are nurtured.

Testimonies

"I have really appreciated the PGPC course, because in our present busy lives, I rarely get to look at God's broad brush strokes of what he is doing throughout history" - Andy B

"The training in how to teach and preach the Bible that we received in the second half of each weekly session from a variety of pastors was very helpful" - Martin H
